Welcome

Welcome to De Soto Junior High School. We are excited to assist all De Soto students in maximizing their potential with the collaboration of families and our community within the De Soto School District. This handbook is designed to be a resource for students and families. Included is general information we hope you find helpful in answering questions about De Soto Junior High School. Please feel free to reach out to the main office by calling (636) 586-1030 with any additional questions as we are here to serve and looking forward to working with you this school year.

We are excited to begin a new school year and excited for all that each new year brings. Safety, security, behavior, school climate, and academics are priorities at De Soto Junior High School. This handbook will serve as a guide of the expectations of Junior High students. During the first days of school, each of your student's teachers will have a portion of the handbook to cover each class period. This will be done in a hands-on/minds-on manner so that our students realize that learning is paramount to all that we do. During the first few weeks of school, it will be imperative for us to teach and model for our students what it looks like and sounds like to be a successful student at DJHS; in other words, we will learn how to do school "The DJHS Way". We will accomplish this by reviewing this handbook, establishing norms in the classroom, and by teaching and expecting our students to demonstrate Tenacity, Respect, Accountability, Industriousness, Neighborliness, Integrity, Nobility, and Grace. These Character Words make up our T.R.A.I.N.I.N.G. Vocabulary. Lessons will continue to be reinforced as the year progresses, as part of our Character Education program.

Social Media-Stay Connected

We invite you to stay connected by visiting our social media sites. Relevant information important to you can be found by visiting the district website listed below and selecting your school from the top search bar. Additionally, you can stay connected by connecting with us on social media through the sites below, where you will find updated information on important events, activities, as well as important communication updates throughout the school year.

Visits to Campus

To ensure the safety of students and staff, we appreciate everyone's cooperation in ensuring our school is safe.

- Persons having business with the school should report to the school office.
- Persons picking up students after school should remain in their vehicles.

Visitors

Parents and guardians are encouraged to visit. Students and staff safety and security is our number one priority and for the safety of everyone, all visitors are requested to report to the main office upon entering the building. Visitors will fill out a "Visitor's Badge" in the office. Any adult who volunteers is required to obtain a digital

background check and have it sent to our De Soto Central Office at 610 Vineland School Road, De Soto, Missouri 63020.

De Soto School District

2023-2024 School Calendar

Student Arrival and Dismissal

Arrival: Students are allowed to be on campus at 7:00am (8am on late starts), not before this time.

Leaving prior to the end of the school day: If a student must leave prior to the end of the day, the student will be counted absent for the time that is missed and will only be released to a parent/guardian through the office.

Bus Transportation

De Soto places the highest priority on the safety of each student. The transportation department has numerous measures in place to guarantee safety during rides to and from school. State law requires school district's to provide transportation for students who are three and a half miles away from school and does not require schools to accommodate more than one bus stop for any student.

Parents will be able to register their child(ren) for bus service by contacting the transportation department at (636) 586-1079. A student will only be allowed to select one permanent pick-up/drop-off address (these can be different). Students are not allowed to ride any bus other than their assigned bus. We will not accommodate day to day bus changes. A change in schedule must be done in writing, must be done at least 24 hours in advance, and done for a minimum of one week long change, and remain consistent. Families with custody plans on file with the school can request special weekly arrangements, however, daily changes will not be accommodated. Emergencies are handled through the building principal, who will work with our police officers and intervention specialist to assist families if needed, but cannot be accommodated through a bus change.

Breakfast/Lunch

Prices for the 2023-2024 School Year

	Reduced Price	Full Price
Student Breakfast	\$0.30	\$1.80
Student Lunch	\$0.40	\$2.80
Staff Breakfast	N/A	\$2.25
Staff Lunch	N/A	\$3.40

Payment for Meals: Daily or weekly breakfast and/or lunch payments must be made. Each payment should be in an envelope with the student's name, the teacher's name, the amount in the envelope and whether the amount is in the form of a check or cash. Lunch envelopes may be obtained in the main office. Families may also pay lunch account payments through the SIS Parent Portal. Please reach out to food service at (636) 243-2542 if you have any questions or need any assistance with payment processes. A la carte items are available, provided a student does not have a negative balance.

Health Services

The Health Services Department of De Soto School District goals are to promote and maintain preventative health care. Each campus of the district employs a school nurse that assists students in developing their full potential in health and education. Parents ultimately have the primary responsibility for the health of their children. The health services responsibility lies in promoting a school health program that will promote, protect, and maintain a student's health and to assist the parent in carrying out that responsibility. The health status of children affects their ability to learn. Healthy children learn better. The school nurse provides supportive professional and specialized health services for the school staff and students.

Medication

A student found possessing and/or using any type of medication (medication includes: prescription, over-the-counter drugs and herbal preparations) is subject to action in accordance with the handbook. A student may bring personal medication only by following these directions:

- Written permission from a parent/guardian stating that the student may take medication during school hours.
- Medication must be in the original package.
- Permission and medication must be turned in to the nurse prior to the end of the 1st hour of school.

All prescription medication must have the prescription label affixed to it and be prescribed for the student. Medication that is not in the original container or prescription bottle, and/or is turned in without written permission from a parent or guardian will be held in the nurse's office until the last hour of the day and will be returned to the student to take home with parent contact. Medication not meeting district policy, will not be given to the student throughout the course of the day. Expired medication or medication in excess of the recommended dosage will not be given.

Head Lice

The district has a no nit policy, meaning that students must be free of nits before attending their classes. If a student is found to have lice bugs or nits, the student's parent or guardian is notified and the student is sent home. Siblings of the affected student(s) are checked as well. Depending on findings, classrooms and/or grade levels may be checked. Students that are sent home must be treated at home and then checked by the nurse prior to being allowed to return to their classes. If a child does not return to school in one (1) week or has repeated infestations, notification will be made to the District Intervention Specialist and/or Division of Family Services.

Immunizations

It is unlawful in the state of Missouri for any child to attend school unless he/she has been immunized as required under the rules and regulations of the Department of Health, (State Law Bill Nos. 904, 788, & 966, Section 167.181 and 376.995). Exceptions to this include law include:

- Religious Exemption-A religious exemption card must be signed by the parent/guardian and placed with the student's medical records.
- Medical Exemption-A physician may exempt a student from receiving immunization(s) if the physician feels that administering the immunization(s) would endanger the life or health of the student due to their physical condition.

- In Progress-An “Immunizations in Progress” form may be placed on file in the nurse’s office if the student is in the process of receiving the required immunizations. This form includes the date that the student is to receive the next dose of the vaccine(s). If the student does not receive the vaccine(s) on this date, the form then becomes invalid and the student is considered to be non-compliant.

Students that are in non-compliance with immunizations, will be excluded from school until they are properly immunized or until the proper forms are placed on file in the nurse’s office. Students that are excluded for five (5) scheduled school days for non-compliance will be referred to the District Intervention Specialist and/or Division of Family Services.

Emergency Information

Student emergency information will be updated annually during online registration. At that time, the parent/guardian may designate emergency contacts for their student. Students suffering from illness or injury during the school day should see the nurse during time between classes or obtain a pass from their teacher. If the nurse deems it necessary, she will contact the student’s parent/guardian. If needed, release from school will then be authorized and the main office will be notified. Students leaving campus are to be signed out in the main office prior to leaving. Student’s that leave campus without authorization or that stay in the restroom for the duration of a class period, will be considered truant and will be subject to disciplinary action. Students that are ill or injured are not to contact their parent(s)/guardian(s) via their personal cell phone and instead should report to the nurses office. It is imperative to keep the nurse updated with current medical information, as well as any medication changes. It is also extremely important to update any changes to phone numbers, emergency contacts, and email addresses. The changes can be made by accessing the parent portal.

Authorization to transport students via ambulance must be given by parent/guardian. This authorization is used in the event of an emergency situation when the parent/guardian cannot be located. Transport via ambulance is at the expense of the parent/guardian. Parent(s)/guardian(s) are able to provide this authorization during online registration.

Doctor’s Excuses and Adaptive Physical Education

A written note from a physician must be received for a student to be excused from the activity portion of their physical education classes due to injury. A parent/guardian may write an excuse for the student; however, this excuse is valid for 1 (one) day only. After this time, it is the responsibility of the student to provide written documentation from their physician. The physician’s note should include an alternative activity for the student and the duration of time that that student will need to be excused. Upon receipt of the physician’s note, accommodations/alternative arrangements for the student will be made.

Special Services

Counseling Services: Two school counselors are available to assist students and parents. Any situation that poses a problem for the student may be discussed with one or both of the school counselors.

Gifted Education: The Discovery Program is available to students in grades kindergarten through sixth who, after an evaluation, are found to be academically gifted.

Other Special Services: Through the local district, services are provided for students with the following special needs: educable mentally handicapping conditions, learning disabilities, special math and/or reading deficiencies, and speech and/or language deficiencies. Through the district, services are also provided for other

educational disabilities.

Dragon Time/RTI

Dragon Time is a 24 minute Advisory Time offered to all junior high school students. This advisory time is designed to help students by teaching and promoting goal setting, organizational skills, communication skills, and team building. During this time the junior high will also provide a focused time for Multi Tiered Systems of Support (MTSS)/Response to Intervention (RTI). In effort to increase student achievement and performance, a schedule will be created to place students with specific content area teachers to provide specific instructional supports and interventions. Students that are demonstrating proficiency in all content areas will be given opportunities for enrichment in elective and/or core content areas during this time frame. This time will also be used for Character Education on Mondays.

Instructional Services

The primary focus of the district's staff and programs is maximization of student learning. While learning occurs as a result of extracurricular activities and as a result of non-structured interaction between students and between students and staff, most learning occurs as a result of planned learning activities during class time. Therefore, every effort will be made to minimize disruptions in instructional time. (De Soto Policy 6210)

Grading System

A = outstanding work

B = above average work

C/S= average work/satisfactory work

D/N= below average work/needs improvement

F/U = failing work/unsatisfactory work

I = incomplete work

82% - 80% = B- 62% - 60% = D-

79% - 77% = C+ 59% - 0% = F

Progress Reports: Progress reports/Midterm reports are distributed following the midpoint of each quarter.

Report Cards: Report cards are distributed to the students on the fifth school day following the end of the quarter.

Honor Roll

An academic honor roll shall be completed and published for each of the four quarters of the school year. In order for a student to qualify, he/she must achieve a (3.0) average with no grade lower than a C. (.5 and above will be rounded to the next highest whole digit). The sum of points divided by the number of classes enrolled in. (All courses shall have equal value for honor roll purposes.)

In the De Soto School District, we view grades as a method of communication for students, parents, teachers, and administrators to have a conversation about learning progress. Student performance is assessed on a continual basis throughout the school year. This evaluation assesses student growth in expression of ideas, communication, achievement of educational goals, and personal growth and development. Grades will be assigned based upon student ability, achievement, effort and cooperation. (DeSoto Policy 6450)

In order to communicate this continual progress toward mastery of our grade-level learning standards, teachers calculate grades using two categories: formative and summative assignments/assessments. *Formative* work provides ongoing feedback that can be used by teachers and students to monitor students' learning progress. These types of assignments count for 30% of a student's grade. *Summative* work is a measure of student learning after formative work and is a reflection of District learning objectives that were taught within the instructional period. A grade should communicate what a student has learned, and summative grades are typically taken at the conclusion of the study of new materials, the majority of the course grade (70%) is composed of summative grades.

The key to understanding the difference between the two is to understand the *purpose* and *use* of the work. In determining which category to assign the work to, teachers consider:

- Why is this work assigned?
- What is the purpose of the assignment?
- How does the teacher intend to utilize the assignment?
- Will it allow the teacher to determine where students are while in the middle of a unit, so the teacher may adjust instruction prior to the end of the unit test?
- Will it allow the teacher to see what the students have learned before moving onto another unit?
- Does this assignment demonstrate a student's final level of mastery of this concept, or is there still more learning to come before the final grade is taken?

Below are some examples of what *might* constitute a formative or summative assignment:

FORMATIVE (30%)	SUMMATIVE (70%)
<ul style="list-style-type: none">• Worksheets• In-class discussion participation• Exit cards• Short quizzes• Quick writes	<ul style="list-style-type: none">• A paper-pencil chapter/unit test• Large presentations• Essays/Research projects• Final exams• Labs

*This list is not all inclusive or exclusive, it is the intent of the teacher when assigning the work.

Conferences: Parent/Teacher conferences are scheduled at the end of the first quarter. Other conferences may be scheduled as needed.

Other Parent Contacts: Teachers and parents are encouraged to contact one another for various reasons by telephone, note, and email.

Promotion and Retention Practices: The purpose of promotion and retention is to provide maximum consideration for the long-range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities.

It is expected that most students in the schools will be promoted annually from one grade level to another upon completion of satisfactory work; however, a student may be retained when his/her standards of achievement or social, emotional, mental, or physical development would not allow satisfactory progress in the next higher grade. Retention normally occurs before the student leaves the primary grades.

The district requires remediation as a condition of promotion to the next grade level for any student identified by the district as failing to master skills and competencies established for that particular grade level. Remediation may include, but shall not be limited to, a mandatory summer school program, and before or after school tutoring program, or other such alternatives conducted by the district outside of the regular school day.

In evaluating student achievement, each teacher will make use of all available information, including results of teacher created tests and Balanced Classroom Assessments, other measures of skill and content mastery, standardized-test results and teacher observation of student performance. The principal will direct and aid teachers in evaluations, and will review grade assignments in order to ensure uniformity of evaluation standards (De Soto Policy 2520).

Homework Policy

Philosophy/Purpose

Homework contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of DJHS to assign challenging and meaningful homework that is used to reinforce classroom learning objectives, to see whether students understand the lesson, and to find/use more information on the subject. Homework can also serve as a communication link between school and home that shows what children are studying.

Responsibility of the Student:

- *Keep an up-to-date agenda/planner sheet for homework and other assignments and their due dates.
- *Clarify with teachers any instructions not understood.
- *Use proper heading at the top of all homework assignments.
- *Complete homework in proper form (typed vs. legible handwriting, pen vs. pencil, etc.)
- *Complete homework to the best of your ability.
- *Turn in completed homework on the due date.
- *Students are responsible for obtaining all missed work.

Responsibility of the Parent:

- *Sign up for the grade level communication system (Remind, Dojo, Google Classroom, etc.)
- *Check SIS for grades/missing work.
- *Check email for updates from teachers.
- *Make homework a daily activity.
- *Help your student get organized. Check their agenda/planner sheet daily.
- *Set up a comfortable location for doing homework with good lighting and free of distractions.
- *Show interest in your child's schoolwork and discuss what your child is learning.
- *Contact the teacher if necessary to clear up any misunderstandings, troubleshoot problems, discuss time management and be informed about your child's learning progress.
- *Alert the teacher, in advance, when extenuating circumstances arise that may prevent homework from being completed on time.
- *Check SIS for grades/missing work.

Responsibility of Teacher:

- *Give students the opportunity to record homework assignments on the agenda/planner sheet.
- *State clearly the expectations of the assignment.
- *Assign relevant, meaningful homework activities that reinforce classroom learning.
- *Ensure that the student has the skills to complete the homework assignment.
- *Ensure students are aware of what is expected of them, and how their work will be assessed.
- *Provide feedback for all assignments, including late assignments, in a timely manner.
- *Include homework as part of the student's grade.
- *Provide a designated area in the classroom to obtain absentee work.
- *Check that student has planner filled out with homework assignments listed
- *Post the universal expectations of this homework policy in their classroom
- *Update SIS Gradebook at least biweekly.

Time

Actual time required to complete assignments will vary with each student's study habits, academic skills, and course load. Generally, students in 7th and 8th grade will average approximately 20 minutes per subject per night. If your child is spending an excessive amount of time on homework, you should contact your child's teachers immediately.

Late Work Penalties

Homework assignments are purposely designed to allow students to engage with material based directly on content standards prior to the summative assessment of those content standards. All homework assignments are due completed in class the day after they are assigned, unless otherwise specified by the teacher. Students will be allowed to turn in late/missing work to teachers up until the summative assessment for any unit and will receive full credit earned. When homework is late, it can negatively impact a student's understanding of content. To serve as a reminder, students will face the following penalties for not submitting assigned work on time:

Number of Late Assignments	Penalty
1-3	1 hour tutoring - served before/after school
4-6	2 hour tutoring - served after school
7-subsequent	Saturday School Tutoring

Actions for missing assignments will be issued on a quarterly basis. At the beginning of each quarter the cycle will start over.

Assessment Retakes

*Students will be allowed to retake an assessment (one time only) after they have completed remedial work (i.e. study guide or study materials for the assessment) in mandatory tutoring sessions. This can be before or after school and/or during Saturday Morning Tutoring within one week of the original summative assessment.

*Students are not allowed to retake semester finals

*Students will receive the highest score earned on the assessment

*If students have other educational plans in place, those plans will take precedence

Student Absence from School

*If a student is absent from school for one day, they have 1 day to make up the assignment(s). If a student is absent for 2 days, they have 2 days to make up the assignment(s), etc. In a student absence of more than 3 days, the student and teacher will discuss assignments and due dates.

*If the first day of an absence occurs on the day of a test, the student should be ready to take the test upon his/her return to school. If the absence(s) is prior to and inclusive of the actual test date, the student will have an equivalent amount of time to prepare for and take the test.

*If work is requested and given to the student before a planned absence, the assignments are due the day upon return.

Extenuating Circumstances:

The student will work with the teacher to make a plan to deal with extenuating circumstances. Examples of extenuating circumstances may include: family emergencies/death in family, injuries, and extended illnesses. Students or parents must notify the teacher.

Student Sports/Activities

The major purpose of student activities is to enhance and enrich the educational programs of the school. School sponsored activities are considered to be an extension of the school day. Students may participate in the following activities:

Sports

Fall sports include football, volleyball, cross country, and cheerleading.

Winter sports include boys and girls basketball, wrestling, and cheerleading.

Spring sports include track and field.

Activities

Vocal/Instrumental Music:

De Soto Junior High offers opportunities for students to participate in both Band and Choir. The junior high boasts a 7th and 8th grade band which each perform for the community throughout the year. In vocal music, the junior high offers Men's Glee, Women's Glee, and Junior Singers (a mixed chorus made up of students who audition). These groups perform several times throughout the year in concerts and at events.

Student Council

A group of elected and volunteer students working together with an adult advisor within the framework of a constitution or bylaws to provide a means for student feedback and assistance in school affairs and activities, give opportunities for student experience in leadership and encourage student/faculty/community relations.

Yearbook/Publications

Students can apply to be part of Yearbook/Publications. Students that are accepted will be placed in a year long course that will take the place of one of their elective courses. Students in publications help design and develop the yearbook, as well as work on various publications and communications for social media and around the school.

National Junior Honor Society

The National Junior Honor Society (NJHS) is a national organization that elevates a school's commitment to the values of scholarship, service, leadership, character, and citizenship. These five pillars have been associated with membership in the organization since its inception in 1929. Today, it is estimated that more than one million students participate in NJHS activities. NJHS chapters are found in all 50 states, US Territories, and around the world. Chapter membership not only recognizes students for their accomplishments, but challenges them to develop further through active involvement in school activities and community service. Students are selected/nominated based on academic performance and character. Students then complete an application process and are inducted through selection criteria.

Character Council

Character Council is a group of students that choose Character Education as an elective and help teach our building the importance of positive Character. Our lessons are based on our T.R.A.I.N.I.N.G. vocabulary. This acronym stands for 8 words that make up our core values at DJHS; Tenacity, Respect, Accountability, Industriousness, Integrity, Nobility, and Grace. Peer designed and delivered lessons help make DJHS an awesome place to learn where students are safe, respectful, and responsible. (Students must complete an application and are selected by teacher feedback/recommendation.)

Science Club

Science club meets monthly to participate in exciting, hands-on scientific inquiries. Students have opportunities to attend field trips, participate in community service projects, help the environment, and learn more about science.

TREND

Students in TREND learn about the importance of living healthy, drug free lives. Students share this knowledge with their peers. TREND helps keep our school and community safe and drug free. Students in TREND get the opportunity to meet with our local first responders, see how K9 units operate, and much more.

Quiz Bowl

Students that participate in quiz bowl meet regularly to study and prepare for county wide academic competitions.

Game Club

This club for board game enthusiasts offers students the opportunity to meet weekly to participate in strategic games that allow students to critically think, and problem solve while having fun.

Archery

Archery gives students the opportunity to learn the fundamentals of archery and hone their skills. Students compete in interscholastic archery competitions.

Fishing

Bass fishing club is for all anglers. Students learn many skills and techniques to become great anglers. Students get the opportunity to compete in various tournaments.

Art Club

This club gives students that love art an opportunity to take their gifts and talents to the next level and learn more about their craft. The Art Club takes pride in beautifying the campus with murals and paintings around the building.

General Expectations

- Students arriving to school by parent drop off will report directly to their locker to get their belongings for their 1st hour and then to either the Pit, morning tutoring, or to breakfast in the cafeteria, where they will wait until the 7:28am bell.
- Students arriving by school bus who wish to eat 1st breakfast should report first to the cafeteria and then to their locker at the 7:28am bell to get their belongings for their 1st hour. All others should report directly to their locker and then go to the Pit. (Students are welcome to report to morning tutoring after arriving from the bus as well.)
- Book bags, gym bags, and coats should be left in the lockers.
- Students should move from class-to-class quickly and in an orderly fashion..
- Students should close their lockers without slamming them or kicking them. All students should use the lock that is issued by the school on their locker.
- Students should walk at all times.
- Students should use the restroom between classes.
- Students should be respectful of our school and the grounds.
- Students should take care of their books, Chromebooks, lockers, and desks.
- Students are to ensure that their chromebooks are fully charged each morning.
- Students should not leave school grounds while school is in session without permission from the principal or assistant principal.
- Students are not to be on the senior high campus (grounds or buildings) without permission.
- Students who are not involved in school activities after school should leave the building and grounds immediately.
- Suspended students are not allowed on or around school grounds during their suspension.
- Bus behavior is an extension of the classroom.
- Students are not allowed to have drinks during school hours without permission.
- Skateboards are not allowed to be used on school grounds.
- Students may be asked to leave their cell phones at the teachers' desks when leaving class to use the restroom. Cell phones may also be collected and kept secured by Chromeland in order to receive a loaner Chromebook for the day.

Socials and Extracurricular Events

Dances and attendance at extracurricular activities are opportunities offered throughout the year for students to socialize outside of the normal school day. Attendance at extracurricular activities/dances is a privilege and is offered as an incentive for good behavior. All school expectations are in effect at all dances and extracurricular events. Any student who is not in attendance the entire day of the event, or is below 90% attendance for the school year, will not be allowed to attend without principal approval. In addition, students must be passing 6 of their 7 courses to attend extracurricular events. As an incentive for good behavior, students will not be allowed to attend events if they accumulate more than 3 days suspension (any combination of in-school or out-of-school) between dances or athletic seasons. In addition, any student on homebound instruction is not allowed to participate in extracurricular activities or attend dances without special consent from the administration. All students must be picked up from events no more than 20 minutes after the event has ended. Failure to do so will result in a loss of privilege to attend the next event. Any student who is assigned a 10 day out of school suspension with a referral to the superintendent would not be allowed to attend any events during that school year. Students who have been assigned 3 or more days of Saturday School since the most recent event will not be allowed to attend.

Hall Passes

DJHS utilizes a digital hall pass system. All students are required to sign out to leave class for any non-emergency reason. Students are also required to sign in upon return. Hall passes are monitored regularly and may be limited or restricted if necessary to mitigate loss of instructional time or to maintain an orderly and safe learning environment.

Lockers

Lockers are provided for the storage of books and equipment. The locker becomes the student's responsibility but does not become the student's personal possession, and therefore may be searched by school officials. Lockers may be searched periodically during the year by search dogs. Defacing the locker may result in the loss of locker use. Students may not exchange lockers without permission from the office. Book bags or gym bags should be hung in the locker. Students should not use stickers, or any adhesive products on their locker. Pictures may be hung inside the locker only, using magnets. Locks are issued to every student; combinations should not be shared with others and lockers should be locked at all times. Students will be charged \$5 for any lock that is lost.

Field Trips

Students are encouraged to attend field trips with their classes. Such trips provided by the school are a privilege; however, denial of attendance on such trips may be made by classroom teachers or administrators if a student is failing a class or has multiple disciplinary issues. While on a field trip, students are subject to all school rules and MSHSAA guidelines.

After School Detention

Some students may be assigned an after school detention. Those students will be advised in writing as to what is expected of them during this time frame. It is very important to arrange transportation to be at school as soon as A.S.D. is over at 4:30pm (note: A.S.D. time will be from 2:35 – 4:30 pm) If your detention is not served, it will automatically be reassigned on the next day of scheduled detentions. If another detention has already been assigned for that day, your makeup detention will be automatically reassigned to the next day that detentions are held.

DAATS (De Soto's Alternative Approach to Suspension)

The De Soto secondary schools (grades 7-12) have a program for students who violate certain school rules, cannot comply with other types of discipline, and/or have academic/social/emotional needs. Rather than being suspended from school, these students are assigned to the DAATS center.

Saturday School Detention

Saturday School Detention (SSD) will be held in the junior high school from 8:00am to 11:00am. Students arriving after 8:00am will not be admitted. Students who fail to attend SSD will be seen by an administrator the following school day and will be assigned an additional Saturday School Detention (SSD). More than one missed SSD will result in Out of School Suspension (OSS) in addition to the missed SSD. Make up tests may be taken during SSD if the test is given to the SSD instructor prior to detention. Students must bring textbooks, Chromebooks, library books, and all other supplies (paper, pencils, etc.) Students must remain busy studying, working, or reading. There will be a 15 minute break at 9:30am. Students will not be allowed to sleep or talk. All school rules apply. Students who do not comply with the rules will be dismissed and will receive the appropriate consequences. Parents may change a scheduled date one time with approval from an administrator prior to the date of the assigned detention. Students will not be allowed to reschedule their assigned days.

Vape Detectors

DJHS utilizes vape detectors for the purpose of student safety and maintaining a safe and orderly learning environment, free from distractions. Students present in restrooms during the time of a vape detection are subject to administrative interview, search of belongings, and use of a metal detecting wand per district policy 5275. Refusal to cooperate will result in presumption of guilt.

Student Dress Code

In accordance with Missouri law and the discretionary power granted to the school Districts under Missouri law, the policy of the De Soto School District 73 is to require all students to dress in what the school deems to be a moderate type and style that is appropriate. The conduct, manners, appearance and dress of each student plays a role in this process. The Board of Education expects student dress and grooming to be neat, clean and in good taste so that each student may share in promoting a positive, healthy, and safe atmosphere within the school district. If a student's general appearance attracts undue attention to them or disrupts the educational process, the student will be asked by a building administrator to make necessary changes, therefore, if a student is dressed inappropriately, the students may be removed from class and required to correct the cause of the violation before being admitted to class. The covering of inappropriate dress with a long coat or jacket will not be acceptable. The De Soto School District 73 requires that all students and parents adhere to, but are not limited to the following guidelines.

1. No midriff tops, bathing suits, spaghetti straps, or tank tops shall be worn. Shirts and blouses need to cover: from neck to shoulders (both sides), have a full back and be long enough to cover the entire torso. No cleavage is to be exposed.
2. No see through clothing, including fishnet attire, shall be worn. Undergarments must not show. No sagging pants. No holes in pants above fingertip length, with the arm being fully extended at the side. Shorts should be fingertip length, with the arm being fully extended at the side.
3. No hats, caps, bandanas, or other headgear, including sunglasses, are permitted.
4. No clothing which illustrates, with words or symbols, statements condoning alcohol; tobacco or drug use, views concerning sexual issues, or depictions of violence (pictures of weapons, e.g., guns, knives, hatchets, etc.) or profanity.
5. No student on or about school property or at school function shall wear, possess, use, distribute, display or sell clothing, jewelry, large chains, emblems, badges, symbols, signs or other things which are evidence of membership of affiliation in any gang or cult.
6. Body piercing that becomes a safety issue is prohibited.
7. No spiked or studded jewelry or large wallet chains. Any jewelry that makes distracting noises, espouse violence, suggest obscenity, or be a possible hazard to the wearer or other students shall be prohibited.
8. No pajama pants or slippers.
9. Backpacks, including cinch sacks, are not allowed to be used during school hours and must be placed in the student's assigned locker immediately upon arrival. No bags other than the school provided Chromebook case will be allowed.

Student Attendance

Perfect Attendance

To be eligible for perfect attendance and to receive the perfect attendance award, a student must be in school every day school is in session, and may miss no more than three hours for the entire school year. (Attendance is kept on an hourly basis.) Students on field trips and/or other school-sponsored trips shall be counted as present in school.

Absences are to take care of extraordinary circumstances concerning:

- a. Personal illness
- b. Professional appointments that could not be scheduled outside the school day
- c. Other serious or family problems

Attendance at the Junior High and High School level is vital to the educational process. Any absence from school requires documentation from the parent of why a student is not in attendance. Examples of acceptable documentation are doctor's notes verifying the student is under a doctor's care or absent due to a doctor's appointment, a dentist's note to verify a dental appointment that cannot be scheduled outside the school day, and/or official written verification of absence due to a death in the family in which the absence is beyond the student's control.

The school will make every effort to notify parents when a student has missed three (3) days (by a letter and/or other communication) and five (5) days (by a letter and/or other communication).

It is still the parents' responsibility to make the school aware of the student's absences as they occur.

On the 7th absence, a letter will be sent to the parents explaining that the child has exceeded the absence limit which results in a loss of credit for the semester. The parent and student may appeal this decision to the attendance appeal committee. In order to be in compliance with state law, the school will notify either the District Juvenile Office and/or Division of Family Services, whichever applies, after the student's 8th absence for students under the age of sixteen (16).

A record of calls from parents will be held in the office with reasons listed for absences as they are given by the parents. These should prove informative if an appeal process is started.

Truancy Court

DJHS has developed a Truancy Court in effort to better monitor student attendance. The goal is to provide resources, encouragement, and accountability to support student attendance and achievement. Students that are placed on Truancy Court will be required to attend hearings. Hearings will typically occur during Late Start Mondays beginning at 7:00am. Failure to attend will result in forfeiture of opportunity for Attendance Appeals Hearing at the end of the semester and forfeiture of student/family input in the development of the Attendance Improvement Plan. Among other accommodations, supports, incentives, and consequences, Attendance Improvement Plans will typically include Saturday School or After School Academic Labs designed to supplement lost instructional time and remediate and/or accelerate learning.

Appeals

Students absent in excess of the six (6) absence limit must appeal to the principal in *writing*, 20 days prior to the end of the semester. The principal or designee will determine if credit should be granted based upon documentation or whether a meeting with the attendance committee will be held. Both the student and parent/ guardian must attend the appeal and bring all necessary documentation to the committee for why

credit should be reinstated. It is suggested any additional documentation be turned in with the appeal letter and brought to the meeting. The committee, which will be administrators, counselors, and teachers, will determine if the student has the documentation needed to prove reasons for the absences. A ruling of reinstatement of credit, no credit, or probation will be assessed at the close of each hearing.

All students will be afforded due process as guaranteed by constitutional provisions. The process will be in accordance with state law, as well as the provisions outlined in the Board policies and regulations on student attendance.

Rulings

Reinstatement of Credit: The committee found sufficient evidence to prove the student had missed excessively due to circumstances beyond his/her control. Credit would be awarded immediately.

No Credit: The committee found no substantiating evidence to validate why the student had missed school excessively. Credit is denied immediately.

Probation: The committee found that there was some evidence of circumstances beyond the control of the student, such that the student would not have missed excessively if those circumstances had not presented themselves. The student must now meet attendance criteria for the following semester. When completed successfully, reinstatement of credit will occur; however, if the student fails to meet attendance criteria he/she would lose credit from the previous semester and would put him/herself in the position to lose credit for the current semester as well.

Students who exceed their six (6) day maximum absence limit during the last twenty (20) days of the semester must make a WRITTEN appeal to the building principal by the end of the semester. The building principal will then contact the appeals committee and a hearing date will be set.

Transfers

If a student transfers out of De Soto during the semester of probation, the appeals committee will be reconvened to determine if the student has sufficiently met guidelines for an acceptable amount of time. Example: If a student on probation transfers in late April and has met guidelines to that point, it would be likely the committee would grant credit; however, if it were early February, they may determine sufficient timelines had not been met and withhold credit.

If a student transfers into De Soto, he/she will be expected to follow all aspects of the attendance policy. Probation from former schools will be accepted as our own. If a student transfers in with excessive absences, the student will be made aware that he/she will be placed on the non-credit list and may file an appeal if deemed appropriate.

Make-Up Work

Work can be made up for all student-generated absences, i.e., illness, doctor appointment, etc. The student will have an amount of time to make up the work equal to the amount of time missed for the absence. Criteria will be set by each building for student access to the information missed and timeliness.

A student under suspension will not be given credit for work assigned during a suspension with the exceptions of major projects and tests for the first suspension of each year. Any major project assigned earlier which comes due during a first suspension will be accepted for full credit. Tests missed during a first suspension may

be made up in Saturday School following the suspension. It is suggested students under suspension make up work using the following criteria in order to keep current.

1. Students must obtain work from peers or before or after school at the teacher's convenience.
2. Teachers are not to be interrupted while teaching to get assignments for suspended students.
3. Work/projects must be turned in on the first day the student returns to school. Tests may be made up during the Saturday School Detention which follows.
4. Teachers are not expected to tutor a student to remediate them for lost time; however, a student may come to a designated tutoring session for assistance after any absence. Regardless of tutoring, students would not be able to regain classroom points for assignments if absence was due to suspension.

Suspensions

A suspension will count toward a student's total days missed; however, a single act of suspension will not be the reason to take a student over the six-day (6) limit, so long as the days of suspension added to the days already missed does not exceed eleven (11). The student will be held at six (6) absences. Any further absences would total seven (7) or more, and may cause credit to possibly be withheld.

Truancy

Truancy is a student's absence from school without parental knowledge or consent. If no contact is made by parent/guardian to a school, a student may be deemed truant. Truancy is also an absence from school for one or more class periods per day. Each day or part of a day constitutes one (1) truancy. Authorized school personnel shall notify the parents of the child's unexcused absence, arrange a conference if necessary, and offer assistance in solving the attendance problem. School counselors, child welfare departments, the juvenile courts and other community sources may be used. Such assistance should be offered before the student has been absent without excuse for six (6) days in a semester. In cases where the parent(s) or guardian is unwilling or unable to cooperate, a prompt referral to the Division of Family Services or to the Juvenile Court for educational neglect shall be made.

Tardiness to School

- Tardiness is arriving late or delayed beyond the expected or proper time for school.
- The student will be charged with an hour's absence for any tardy in excess of ten (10) minutes.
- Any lateness to school without contact from parents may result in the student being charged with a truancy.
- Students will be allowed one (1) time per semester excused late to school with parent verification within two (2) school days.
- Six (6) tardies will result in a one (1) day absence.
Six (6) times leaving school early will result in a one (1) day absence.

Tardiness

A student who is not in his/her seat when the bell rings is considered tardy to class.

Student Misconduct and Consequences

The district has the authority to control student conduct which is prejudicial to good order and discipline in the schools as provided by state law. School officials are authorized to hold students accountable for misconduct in school, on school property, during school-sponsored activities and for conduct away from school or in non-school activities which affect school discipline. Students forfeit their right to a public school education by engaging in conduct prohibited in Regulation 2610 and related provisions. Disciplinary consequences include, but are not limited to, withdrawal of school privileges (athletics, intramurals, student clubs and activities, and school social events); reassignment of the student to another school; removal for up to ten school days by school principals; extension of suspensions for a total of 180 days by the superintendent; and longer term suspensions from school by the Board of Education.

Teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. The board expects each teacher to maintain a satisfactory standard of conduct in the classroom. Any time a referral that warrants formal disciplinary action is submitted, a reasonable effort will be made by the principal to either contact the parent or guardian by written notice delivered by the student, through the mail or by direct telephone contact.

All students attending school in district schools will be expected to accept the obligation and responsibility to attend school on a regular basis and to comply with the district's discipline code set forth in Regulation 2610. Those students who choose not to fulfill their responsibilities at school will be held accountable for their conduct. Consequences for individual acts of misconduct are calculated to discipline the student to deter future misconduct and to provide a safe and positive environment in which students can maximize their learning potential. Students who engage in significant acts of misconduct off campus which materially and adversely impact the education of district students will be subject to discipline up to and including expulsion. (De Soto Policy 2600). The school is not responsible for any electronic device (ex. cell phone, MP3 players, etc) that is lost, stolen, or damaged on school grounds.

STUDENTS

Regulation 2610

Discipline

Misconduct and Disciplinary Consequences

The discipline code set out in this regulation is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct which is not specifically listed in this regulation may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequences listed for each offense may be increased or decreased by the Administration or the Board of Education due to mitigating or aggravating circumstances.

Copies of this regulation or the student handbook which includes the code of student conduct and disciplinary consequences, as well as the District's corporal punishment policy, if any, will be provided to each student at the beginning of each school year. Copies of these documents will also be available for public inspection during normal business hours in the Superintendent's office.

Threats of Violence (De Soto Regulation 2674)

If the building principal determines that a threat of violence has occurred, the offending student will, for no more than ten (10) days, be suspended from school. The suspension will be reported immediately to the Superintendent. Attempts will be made to contact parents/guardians informing them of District disciplinary action. The suspension will be in effect until a meeting can be arranged with the offending student, the threatened individual and the building principal. The principal, at his or her discretion, may choose to invite:

- School counselor
- Director of Special Education
- Juvenile authorities
- Assistant principal
- Superintendent

With written parent/guardian consent, the following may also be invited to attend the meeting:

A member of the local police force, mental health officials, and/or any other individual deemed to be able to add to the process. The nature of the threat, along with the student's past behavior, age and maturity level will be discussed at the meeting. The offending student will be given the opportunity to present any relevant information concerning the incident. Any incident where the student committed a violent act or possessed a weapon will be brought to the attention of the group and discussed during the meeting.

Following the meeting, the building principal will assign additional punishment that may include a required apology, additional OSS or ISS. The principal may also elect to refer the incident to the Superintendent, who may assign additional punishment up to 180 days of OSS or recommend expulsion to the Board of Education. With any decision to suspend a student for ten (10) or more days, the student will be given due process appropriate to suspension in excess of ten (10) days, as required by law. Any additional OSS assigned will outline the conditions under which the student may return to school. Procedures mandated by the IDEA will be used, when required by law, where the IDEA protests a student who may be subject to disciplinary actions under this policy.

De Soto School District Bullying Policy

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds or during school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designates to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidents, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in school suspension, out-of-school suspension, expulsion and law enforcement contact.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome the negative effects of bullying. Such techniques include but are not limited to cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

If you have been the target of bullying or have witnessed the bullying of a district student, please reach out to the building principal to complete and submit a bullying complaint form. Complaints against building principals should be submitted to the Superintendent. Complaints against the Superintendent should be submitted to the Board of Education. Reports of bullying will be investigated and disciplinary action will be taken as warranted.

Technology/Internet Acceptable Use Policy

Overview

Access to technology is necessary for the District's educational programs. The Internet offers extensive, diverse, and unique resources to both students and teachers. We believe in the educational value of technology to support curriculum and student learning. Unless specifically requested by the student's parent or guardian, in writing, all students will have access to the District's technology and the Internet.

The De Soto School District takes exhaustive steps in providing a safe and secure network. Students will access the Internet through web filters and monitoring systems

(http://www.sharpschool.com/products/safemail/human_monitoring_system/). The De Soto School District is in full compliance with the Children's Internet Protection Act (CIPA) which became law on December 21, 2000; however, the Internet also includes material that is not of educational value in the context of a school setting. There is information which may be judged inaccurate, abusive, profane, sexually oriented, hate-based, or illegal. De Soto School District does not condone or permit the use of this material. It is the joint responsibility of school staff and the parent or guardian of each student to educate the student about his or her responsibility when using the Internet. One of our school goals is to support students in responsible use of the Internet and technology in general. Student use of the Internet will be under supervision and will generally be for specific class projects; however, at times, students may access the Internet without direct supervision outside of normal school hours.

Internet Activities Not Permitted

- Searching for, viewing, or retrieving content that is sexually explicit, profane, violent, abusive, or illegal in any way, is prohibited. (If a student accidentally accesses such materials they must inform the teacher and leave the site immediately).
- Students may not use Virtual Private Networking (VPN) tools to circumvent District web filters.
- Students are prohibited from sending communications containing threats, profanity, sexual references, insults, harassment, or obscene language.
- Students must not share personal information, such as usernames, passwords, home address, birth date, or phone numbers with other students or electronic contacts.
- Students are not permitted to play games or use other interactive sites during normal school hours unless specifically assigned by a teacher. Recreational use before and after school may be permitted in supervised areas.
- Students are responsible to ensure that no malicious damage is done to computers, mice, printers, headphones, etc.
- Students may not copy, save, or distribute copyrighted material without written consent from the author.
- Students may not download video or audio files for personal use onto District computer equipment that violates copyright laws.
- Students may not use the Internet to subscribe to services or purchase products.
- Students may not participate in any activity that violates District policy, school rules, local, state, or federal law.
- Students will not use any wired or wireless network (including third party Internet service providers) with equipment brought from home on the secured wireless network. Students may use the guest network for privately owned devices.
- Students may not access anonymous proxy sites whose purpose is to circumvent the filtering required for CIPA compliance.
- Students will promptly disclose to a teacher or other school employee any message received that is inappropriate or makes the student feel uncomfortable.

- Students will use device-embedded cameras and video conferencing apps (e.g., Google Meet) for school work only.

Sanctions

1. Violations may result in a loss of access to the school's computers and network.
2. Additional disciplinary action may be determined with existing school rules regarding inappropriate language or behavior.
3. Students may be held financially responsible for any malicious or reckless damage of District-owned equipment.

Due Process

The District will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through the District network. In the event there is an allegation that a student has violated the District acceptable use regulation and agreement, an administrator will meet with the student and will be provided with a notice of the alleged violation. An opportunity will be provided to present an explanation before a neutral administrator, if requested. Disciplinary actions will be tailored to meet specific concerns related to the violation and to assist the student in gaining the self-discipline necessary to behave appropriately on an electronic network. Violations of the acceptable use regulation and agreement may result in a loss of access as well as other disciplinary or legal action. If the violation also involves a violation of other provisions of other school rules, it will be handled in a manner described in the school rules. Additional restrictions may be placed on a student's use of their account.

Limitation of Liability

The District makes no guarantee that the functions or the services provided by or through the District network will be error-free or without defect. The District will not be responsible for any damage suffered, including but not limited to, loss of data, privacy, or interruptions of service. The District is not responsible for the accuracy or quality of the information obtained through or stored on the network. The District will not be responsible for financial obligations arising through the unauthorized use of the network. The District provides content filtering but not all malicious activity can be impeded. The District is not responsible for goods and/or services purchased or sold through District technology resources.

Chromebook Usage Terms and Conditions

In this Terms and Conditions, “we,” “us,” and “our” means De Soto #73 School District. “You” and “your” means the parent/guardian and the student enrolled in De Soto #73 School District. The “property” is the Chromebook owned by De Soto #73 School District. Upon signing, you are eligible to receive coverage with the following terms and conditions:

TERMS	You will comply at all times with the De Soto #73 School District Code of Conduct and Acceptable Use Agreement. Any failure to comply may terminate your rights of possession effective immediately and the school may repossess the property.
TITLE	Legal title to the property is held by De Soto #73 School District at all times. Your right of possession and use is limited to and conditioned upon your full and complete compliance with these terms. The district utilizes Linewise filtering software, your compliance of these terms may require parental and self-monitoring while using outside of De Soto School District facilities beyond the filter software capacities.
DAMAGE	If the property is damaged, lost, or stolen, you are responsible for the reasonable cost of repair or replacement value on the date of loss. Loss or theft of the property must be reported to school administration by the next school day following occurrence. De Soto #73 School District is not responsible for assisting with the recovery of any lost or stolen devices. You may be required to file a police report.
THEFT	Your failure to return the property in a timely manner and the continued use of it for non-school purposes without the consent of De Soto #73 School District may be considered theft of the District’s property.
INDEMNIFICATION	The student and parent/guardian release, hold harmless, defend, and indemnify the District from any claims, liability, or money damages (including attorney fees) brought by a third person, the student, or the parents/guardians against the District and related to the student’s use of the device or the students’ or parents’/guardians’ breach of these terms.
If a student is unenrolled from De Soto #73 School District for any reason, the protection plan becomes null and void on that date. This insurance plan requires that the Chromebook always remain in the protective case. If the Chromebook is removed from the case, this policy is rendered null and void and the family will assume responsibility for the full cost of the repair or replacement of the Chromebook.	

Nondiscrimination Policy

The De Soto #73 School District does not discriminate on the basis of race, color, national origin, gender, disability, or age in its programs and activities as required by Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975 and Title II of the Americans with Disabilities Act of 1990. Inquiries related to District programs and to the location of services, activities and facilities that are accessible by persons with disabilities may be directed to the De Soto School District Central office, 610 Vineland School Road De Soto, MO 63020, or by telephone at (636) 586-1000.

The District is committed to maintaining a workplace and educational environment that is free from discrimination, harassment, and retaliation in admission or access to, or treatment or employment in, its programs, services, activities and facilities. The District is committed to providing equal opportunity in all areas of education, recruiting, hiring, retention, promotion and contracted service. In accordance with law, the District does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic protected by law in its programs and activities. Further, no person shall be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination based on the above listed characteristics under a school nutrition program for which the District receives federal financial assistance from the U.S. Department of Agriculture (USDA Food and Nutrition Service).

Harassment or discrimination because of an individual's race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic protected by law is prohibited in this District. The District also prohibits retaliation against a person who files a complaint of discrimination or harassment or participates in an investigation of allegations of harassment or discrimination.

The District has designated the Compliance Officer with the responsibility to identify, prevent, and remedy unlawful discrimination and harassment in the District. The Compliance Officer is in charge of assuring District compliance with this Policy and Regulation, Title IX of the Education Amendments of 1972; Title VII of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; as well as other state and federal nondiscrimination laws.

Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that De Soto School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, De Soto School District may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the De Soto School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses, and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.*

If you do not want the De Soto School District to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by the end of the first week of September each school year. De Soto School District has designated the following information as directory information:

- Student's name
- Date of birth
- Participation in officially recognized activities and sports
- Weight and height of athletic teams
- Photograph
- Degrees, honors, and awards received
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

*These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.

Student Image Permission

During the school year, your child's image/photograph or work may be included in a classroom or school project that could be used in one of the following ways:

- Used as a demonstration project/activity in education workshops, classes, or conferences.
- Used as a sample project/activity on CDs created by De Soto Public Schools for use in education workshops and student classrooms.
- Posted on the school or DSHS/DJHS web pages on the internet.
- Submitted as samples to program publishers or as contest entries to sponsors.
- Appear on videotape made during a student presentation of their project, or in broadcasts or videotapes demonstrating computer multimedia in general.
- Videotaped to appear in a school-related program or news broadcast to be used by a local television station or school/county project.
- Used in a printed publication such as a newspaper, magazine, or yearbook.

Your child's name or address WILL NOT be included with your child's picture when publishing on the web.

There is no monetary compensation for the use of the work, but it will help many teachers get more use out of the computers, and show other students a good example of what can be. Please contact your schools building principal for a student image permission release form if you do not give permission for your students image to be used as described.

Notification of Rights Under FERPA For Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the building principal or the district’s Director of Special Education, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by De Soto School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED) -
 - a. Political affiliations or beliefs of the student or student’s parents;
 - b. Mental or psychological problems of the student or student’s family;
 - c. Sex behavior or attitudes;
 - d. Illegal, anti-social, self-incriminating, or demeaning behavior;
 - e. Critical appraisals of others with whom respondents have close family relationships;
 - f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 - g. Religious practices, affiliations, or beliefs of the student or parents;
 - h. Income, other than as required by law to determine program eligibility.
- *Receive notice and an opportunity to opt a student out of* -
 - a. Any other protected information survey, regardless of funding;
 - b. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 - c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- *Inspect*, upon request and before administration or use -
 - a. Protected information surveys of students;
 - b. Instruments used to collect personal information from students for any of the above marketing sales, or other distribution purposes; and
 - c. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

De Soto School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. De Soto School District will notify parents and eligible students of these policies at least annually during each school year and after any substantive changes. De Soto School District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey. De Soto School District will make this notification to parents at the beginning of the school year if the district has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and are provided an opportunity to opt their child out of such activities and

surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:

Every Student Succeeds Act (ESSA) 2015 (Formerly NCLB - No Child Left Behind Act

Our district is required to inform you of certain information that you, according to the Every Student Succeeds Act 2015, have the right to know. Upon your request, our district is required to provide to you in a timely manner, the following information:

- Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.
- What baccalaureate degree major the teacher has and any other graduate certification or degree held by the teacher, and the field of discipline of the certification.

In addition to the information that parents may request, districts must provide to each individual parent:

- Information on the achievement level and academic growth of their student in each of the state academic assessments as required under this part; and
- Timely notice that their student has been assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified.

For additional information contact Mr. Farrow, Assistant Superintendent, De Soto School District, 610 Vineland School Rd., Desoto, MO 63020, (636) 586-1000.

Complaint Resolution Procedure for “Every Student Succeeds Act” Program

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the Every Student Succeeds Act. A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel. Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the department may file a complaint. The complaint must provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

Such a complaint must be in writing, signed, and filed with the De Soto School District Superintendent's office. The superintendent shall cause a review of the written complaint to be conducted and a written response to be mailed to the complainant within ten working days after receipt of the written complaint. A copy of the written complaint and the superintendent's response shall be provided to each member of the Board of Education. If the complainant is not satisfied with the response, he or she may submit a written appeal to the board indicating the nature of the disagreement with the response and his/her reasons underlying such disagreement (Regulation 1621 - De Soto School District Policy Manual). The board shall consider the appeal at its regularly scheduled board meeting following receipt of the response. The board shall permit the complainant to address the board in public or closed session, as appropriate and lawful, concerning his/her complaint with its written decision in this matter as expeditiously as possible following completion of the hearing.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education within fifteen working days following receipt of the written decision from the board. The department will initiate an investigation and issue notice of the findings to the board and the complainant. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the department may require the parties to do so and may provide technical assistance to facilitate such resolution. Any persons directly affected by the actions of the department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the department itself. Anyone wishing more information about this procedure or how complaints are resolved may contact Mr. Farrow, Assistant Superintendent, De Soto School District, 610 Vineland School Rd., Desoto, MO 63020, (636) 586-1000.

Free, Appropriate Public Education Notice

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The De Soto School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The De Soto School District assures that it will provide information and referral services necessary to assist the state in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The De Soto School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/Guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The De Soto School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed at the De Soto School District, Special Education Office, from 9:00 a.m. - 3:00 p.m., Monday through Friday, when school is in session.

This notice will be provided in native languages as appropriate.

Section 504

The De Soto School District, as a recipient of federal financial assistance from the United States Department of Education and operates a public elementary or secondary education program and/or activity, is required to undertake to identify and locate every qualified person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parents or guardians of the district's duty.

The De Soto School District assures that it will provide a free appropriate public education (FAPE) to each qualified disabled person in the district's jurisdiction regardless of the nature or severity of the person's disability. For purposes of Section 504 of the Rehabilitation Act of 1973, the provision of an appropriate education is the provision of regular or special and related aids and services that (1) are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and (2) are based on adherence to procedures that satisfy the requirements of the 504 federal regulations.

The De Soto School District has developed a 504 Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed at the De Soto School District Administration Office by contacting the Section 504 Compliance Coordinator, Debbie Killingsworth, Director of Special Education, De Soto School District, 610 Vineland School Road, De Soto, MO 63020. This notice will be provided in native languages as appropriate.
