First

Middle

Year of Graduation _____

If state funds are available and our high school continues designation as an A+ School prior to graduation, your student may receive reimbursement for college expenses while attending a Missouri public community college or public vocational/technical school on a full-time basis. In addition, there are some 4-year universities that offer scholarship money to students who complete the A+ Program. This financial assistance is based on the condition that your student meets the following requirements:

- Enroll in the A+ Program by completing this form prior to graduation (it is suggested to sign up before your senior year due to the 50 hours of mentoring/tutoring requirement).
- Attend an A+ designated school for at least three years.
- Graduate from high school with a cumulative grade point average of 2.5 or greater on a 4.0 scale.
- Maintain at least a 95% attendance record for all four years of high school.
- Score proficient or advanced on the Algebra I End of Course Exam or a 17 on the math portion of the ACT.
- Perform 50 hours of unpaid tutoring or mentoring for other students. All hours are due by April 1 of your senior year.
- Maintain a record of good citizenship and avoidance of the unlawful use of drugs.
- Register with the Selective Service. *18 year old males only
- Make a documented, good faith effort to secure available federal post-secondary student financial assistance funds during the last semester of their senior year. (FAFSA application must be completed and mailed to the school that the student is planning to attend.)

*Requirements subject to change as the Missouri Department of Higher Education requirements change.

The student financial incentive may be available for a period of four years after high school graduation. To maintain eligibility during that time, each participating student must enroll and attend a Missouri public community college or vocational school on a full-time basis and maintain a cumulative GPA of 2.5 or higher. Funding is always subject to change pending legislative approval. By signing below, you are agreeing to be in the A+ Program and work to achieve the above requirements in order to receive the A+ Scholarship as well as acknowledging that you are ultimately responsible for making sure you meet all requirements.
